SEN. GROSSI OPPOSES LAND SALE BILL OKD IN SENATE

TRENTON, N.J. — The State Senate passed 13-5 and sent to the Assembly Monday a bill enabling municipalities to continue to waive conditions imposed by them on the sale of land.

Sen. William E. Ozzard (R-Somerset), sponsoring the measure said it should be passed because it merely extended a policy already approved by the Senate.

Sen. Anthony J. Grossi (D-Passaic) opposed the bill. He said it was "bad legislation" for this reason:

"A piece of land can be advertised for sale with certain restrictions. That land would be no good to me, let's say. But the man who bids it in might know that a simple resolution would be passed by the town Council some time in the future, listing the restrictions and covenants on the sale—and doubling or trebling the worthy of the property."

Joining Grossi in opposing the measure were Sens. Walter H. Jones (R-Bergen), Henry S. Haines (D-Burlington), John A. Waddington (D-Salem) and Robert H. Weber (D-Cumberland).

The Lincoln Day Dinner of the Passaic County Republican League held at the Alexander Hamilton Hotel was indeed a big and successful affair.

In order to accommodate all the people that bought tickets, the McBride Room had to be used, since the Grand Ballroom was filled to capacity.

Mr. Mrs. the Passaic County Republican Leader felt very much encouraged by the large turnout, and told the audience that victory is assured for the Republican candidates in November if they have confidence in the Republican Party. They should go out and work without the feeling of defeat. Both Parties have their ups and downs.

A great speaker was the Hon. Dewey Short, Assistant Secretary of the Army who pinched in to replace the Hon. Gordon Canfield, our Congressman, who was temporarily ill in Washington.

Master of Ceremonies was Freeholder Ira Schoem of Passaic, pinching in for Larry Dimond who had to be away due to illness in the family.

Every town and Republican Club in the county was represented, and Congressional candidate, Mayor Paul G. De Muro from Passaic was formally introduced to the large gathering, while petitions were circulated for the candidacy of Undersheriff Frank Davenport for the office of Sheriff of Passaic County.

This writer and all members of the Press were invited to the dinner.

Walter Kennedy, Secretary to Congressman Gordon Canfield was greeted very cordially and people told him openly of their disappointment in his not having been picked by the Republican Party since he is the one person who knows his way through Washington and who could very well represent the people of Passaic County at the Capitol due to his long experience in that particular work.

It was rumored that there might be a contest in the primaries.

All in all, those who attended (Continued on page 8)

CIGARET BLAMED FOR ACCIDENT

LITTLE FALLS — A Barbour St. man dropped a cigarette while driving south on Williams St. Saturday morning. As Charles W. Moreland, 44, of 5 Barbour St. reached for the burning ember, he lost control of his car, he told police.

Police said the auto ran off the road and hit a utility pole, shearing it off and knocking the upper section 25 to 30 feet from the base. Moreland's car then plunged down about a 10 foot embankment and went another 30 to 40 feet into a wooded lot, according to Patrolman Bernard Terranova, investigating.

Moreland suffered a cut lip. Telephones in a small area were put out of commission briefly by a wire broken from the pole.

12-YEAR-OLD YOUTH INVOLVED IN ROBBERY

WEST PATERSON — Although not made public by the West Paterson Police Department, the Star Bulletin has learned from a reliable source that a most serious matter was uncovered this past week with the apprehension of a 12 year old West Paterson youngster.

Approximately two weeks ago, the Star Bulletin learned, a home was entered on two different occasions. The only articles taken were several pairs of ladies hose. Items of considerable value plus money passed by. Several days later the youth responsible for these entries was apprehended while in the process of removing ladies panties from another home in the adjacent area. He readily confessed to the two earlier entries.

Entry was gained on the two previous times by placing a chair against the rear of the dwelling and gaining access to the first floor bedrooms by climbing through a window.

Let us hope that those in charge recommend and insist that this youngster receive psychiatric treatment, which apparently is indicated here. It is indeed fortunate that this youth was apprehended before he ventured forth on more serious attempts at violating the law. It is far better for both the lad and the community to have this matter cleared up now than to let this matter go with a "slap on the wrist, and Johnnie, don't do it again" attitude and then someday wake up to the fact that this person was responsible for a more serious "moral" crime. We agree in protecting the juvenile and in not publishing the name of first time juvenile offenders, but we also agree with the recent findings of the Passaic County Grand Jury, that names of reformed offenders be made public, regardless of the age of the juvenile. We also feel that this matter should rightfully be presented to the public and that those in charge of such matters have a responsibility to the community to bring such matters out into the open.

FLASH FIRE INJURE 2; HOME DAMAGED

LITTLE FALLS—Two persons were injured and a home badly damaged in a flash fire last Wednesday when gas fumes exploded while one of the occupants was mopping up paint remover with gasoline near a coal furnace. The injured were Charles Dral, who received minor burns while mopping up the remover in his father's cellar at 11 Haines Pl. and Mrs. Thomas Dral, his mother, who suffered scorched eyebrows. Mrs. Dral was given oxygen for shock.

Fire Chief Vincent Dransfield estimated damage over \$1,000. Every window in the lower area was knocked out, the electrical system was ruined and considerable other damage done in the old two-story dwelling.

Earlier in the day a fire of undetermined origin started in the garage roof at 77 Browertown Rd. A couch was destroyed, several beams burned and smoke damage done. The property is owned by W. C. Ingorsoll. No one was injured.

Regarding the Haines Pl. fire, police said that Charles Dral had been scraping paint on the cellar floor with paint remover. Some spilled on the floor so Dral tried to wash it off with gasoline. Fire officials said the fumes from the remover and gasoline traveled to the coal furnace and then exploded.

The resulting blaze was extinguished in 10 to 15 minutes, Chief Dransfield said. The police investigation was made by Lt. John Suchorsky.

At the scene were Enterprise Fire Company, Singac Company and Eagle Rescue Squad. The Great Notch Company stood by. Chief Dransfield was assisted by Deputy Chief Wilbur Crane and Assistant Chief Pat Alessio.

\$800,000 SET AS HEART FUND GOAL

is supporting research grants in New Jersey institutions, but underscored the fact that the Heart Association's research committee had on hand approved applications for which money is not available. "At the same time," Kluger said, "our ever-expanding program of community service cannot be permitted to falter because of lack of funds. For while we wait on research for the answers to heart problems we must still cope with community service needs for the cardiac."

During February, Kluger said, 50,000 volunteers will be asking people in every town and city in New Jersey to help the fight against heart disease. "From the experience of previous years," the campaign chairman said, "I know the people will respond, but I wish to stress that while marked progress has been made in seeking means of prevention or control of heart ailments we still have a long way to go."

HEART MONTH IS PROCLAIMED BY 9 MAYORS

Nine Passaic County mayors have signed proclamations designating February as Heart Month, and called on the citizens, schools, churches, business establishments and civic and fraternal organizations to give the Heart Fund campaign "their staunchest support and co-operation."

Paterson; Mayor Eugene W. Dockery of Pompton Lakes, and Mayor Frank Fischer Jr., of North Haledon.

The proclamations point out that more Americans die each year of heart and circulatory diseases than all other causes combined, and that an estimated 10 million Americans, including 500,000 children suffer from some form of these diseases.

HYPNOSIS AND YOU

By DON DAVIES
President of the
Nat'l Federation of Hypnotists

Question for this week:

I have heard a few people use the expression "going to see my hypnotist," and it seems that this might get as popular as "going to see my psychiatrist." Now the question that arises in my mind is: "Won't the continuous use of hypnosis weaken the mind?"

Answer:

I have heard this question before and to me it is just another misconception pertaining to the use of hypnosis. Actually with the proper use of hypnosis, the mind becomes stronger and healthier.

Remember the proper use of hypnosis is based upon relaxation — mental relaxation. This means much less tension, less better concentration and a better understanding of one's problems. A person who makes decisions without tension makes better decisions.

No, the proper use of hypnosis will not weaken the mind. Hypnosis is a conditioning agent. We are all products of conditioning, some of it good, some of it haphazard. Conditioning through hypnosis is well thought out and is based upon

a person learning how to help themselves and not to lean on hypnosis as if it were a crutch.

The part of your letter that interests me most is your reference to people "going to see their hypnotist." This statement is much more important than your question. I would hate to see people substituting a hypnotist for either their family doctor or their psychiatrist.

Hypnosis should be used for the good of all but it cannot be if the public bypasses their own doctors. If anyone wishes to use hypnosis for a beneficial purpose they should do so through the proper channels — through their doctor or psychiatrist. Most doctors do know how to use hypnosis but they usually don't have enough time

to devote to hypnosis. This is where the lay hypnotist comes in and he should work under the supervision of your doctor.

Democratic Congressional nominations blossomed all over the county as clubs in Clifton and West Paterson, Totowa and Hawthorne gave their blessings to Deputy Attorney General Charles S. Joelson, Passaic Valley Water Comr. Joseph Abbott, and Passaic County Surrogate Carroll J. Stark.

Abbott was given the endorsement by the Totowa Borough Democratic Club, headed by James Newton, president. His name was advanced as "a dedicated Democrat of high motives and ideals."

In announcing the Totowa endorsement, President Newton described Abbott as a "dedicated Democrat of high motives and ideals" and one the rank and file can support with pride.

Lawrence V. Gabriel, Democratic borough leader, said Abbott's experience as a high ranking executive of one of the world's largest firms, qualifies him to represent the district in Washington.

Mayor Felix Liberti, voicing his praise, predicted that Abbott will lead the Democratic party to a resurgence of greater victories.

"As a member of the Passaic Valley Water Commission, Joe Abbott has demonstrated many times his courage and his ability to cope with complex situations. In more than a dozen years of devoted service to the Democratic Party he has conducted himself with dignity and dispatch. His willingness to lend a hand has captured the hearts and imagination of thousands of people," the mayor said.

County Commander David Sadewitz, Guest Of Memorial Post 238

WEST PATERSON—David Sadewitz, county commander of the American Legion, was a guest recently at a meeting of Memorial Post 238.

Sadewitz commended the post on its programs, and urged a concentrated effort in the current membership drive. He reminded post members to mail in their payments for Christmas cards received from the state department of the Legion.

The commander also praised Edward Kelly and George Broadbent for their service to the county organization. Kelly is county finance officer, and Broadbent is county publicity chairman. Sadewitz expressed the hope that the two men would be on the staff next year also.

Attending the session with Sadewitz was Joseph Stasick, county vice commander assigned to the post. Of all five county vice commanders, Stasick was recently awarded a prize for having the highest percentage of membership from his various posts by Dec. 31.

As Americanism chairman, Broadbent reported progress in post programs. He urged members to send in their contributions to the New March of Dimes, in care of Mrs. Benjamin Desmond, local chairman, 655 McBride Ave.

Antonio Barra was authorized by Harry Reidy, post commander, to investigate the possibility of attaching a gate on the fence around the monument at School No. 1.

The East Coast V.H.F. Society will entertain its members and their many friends at its 2nd Annual Dinner and Ham-Fest to be held at 8 p.m., Sunday evening, Feb. 21, in the Grand Ballroom of the Hotel Alexander Hamilton, Paterson.

The society, comprised mainly of amateur radio operators and experimenters interested in exploring the communications possibilities of the very high frequency electromagnetic wave spectrum, is temporarily setting aside its more serious pursuits to provide an opportunity for the promotion of common interests and good fellowship.

This pre-holiday affair, replete with well-known guest speakers, numerous and interesting door prizes, and other novel entertainment, has attracted the attention of many amateur radio enthusiasts (Mr., Mrs. and Miss alike) residing in the East Coast area and a large turnout is expected.

the dinner had a wonderful time.

This writer met many of her old friend at the affair, and they greeted each other most cordially.

The Honorable Harry B. Haines, publisher of The Paterson Evening News was the recipient of the Brotherhood Award at the YM-YWHA, presented to him by the Kaufman-Harris Post 36, JWV.

This is the 7th annual award which the Veterans Post has presented in Paterson to distinguished citizens who have accomplished many unselfish things on behalf of humanity.

Mr. Haines has been generous giving financial help to the many worthwhile organizations of this city who are devoted toward the welfare of the needy people, for civic organizations, for the promotion of

recreation for youths and many other things too numerous to mention, and we are glad to see that he is publicly commended, and citations awarded for his good deeds.

Mr. Haines, latest contribution was a check of \$500 toward the Mental Health Fund.

He is always on the forefront to encourage a good cause with personal contributions.

How many other good deeds he performs that the public doesn't know anything about!

So, to Mr. Haines we say congratulations, and good

health for many years to come and to continue to help humanity.

Professor Joseph J. Masiello Director of Public Relations and Assistant Secretary of the New Jersey Bank and Trust Company, is another recipient of the Brotherhood Award, presented to him by the Award Committee of the B'nai B'rith Women of Paterson at Temple Emanuel.

He was selected for his many achievements, also on behalf of the needy people, and his latest one was that as chairman of the United Community Chest, raising \$200,000 together with a well selected committee of which Mrs. Emma L. Conlon, former President of Zonta International was able to collect \$60,000 with Mrs. Elizabeth Bristow helping her.

This writer was invited at the ceremony at Temple Emanuel, and she heard one of the best speeches ever made by Mr. Masiello on how to live and act toward our fellowman. It will always be remembered by those who were present and heard that speech.

This writer was very happy to be there, because it is very seldom when a person could hear such an inspiring speech which was like a flower to the soul.

To Professor Masiello we also extend our congratulations, and wish him good health for

better life and good deeds toward his fellowmen.

Four members of the Paterson Fire Dept. were commended publicly at the Fire-Police Board meeting for bravery in action. They are: Joseph Parkin; Ralph Di Guglielmo; Chief's Aide Raymond Carr, and Battalion Chief Michael Fleming.

Commissioner Doris Stern pinned the distinguished service ribbons to the four members of the Fire Department. Congratulations.

The Passaic County Republican League may select a woman to run for freeholder, and prominently mentioned is Mrs. Bess Doty of up County.

She has already received many endorsements of townships and boroughs, and we hope she'll win the endorsement of the Party, as she is a wonderful person. —Good luck!

Commissioner George Heffran was again elected president of the Paterson Board of Education, with Commissioner Charles Riley as vice president.

Sworn in was also Commissioner Charles Convery, replacing John Pasquale, who is now a Commissioner of the Passaic County Welfare Board.

Congratulations to Commissioner Heffran, and the new and reappointed Commissioners.

Sorry to have to stop here, and until next week.

Arrivederci.
